

## A central hub to help schools learn, do and celebrate a whole school approach towards sustainability - on campus, in curriculum and through culture

### CAMPUS

Showcasing best  
practice methods &  
standards on school  
grounds

### CURRICULUM

Embedding  
sustainability across  
all learning and  
teaching

### CULTURE

Fostering lifelong  
global citizens  
and leaders within  
communities

**Sustainable Schools NSW envisions our schools leading the  
transformation to a sustainable future for all.**

### WE CONNECT SCHOOL COMMUNITIES WITH:

- **Programs, professional development, resources and delivery providers** to support sustainable practices.
- **State and regional sustainability networks** to build capacity, share learnings and celebrate achievements.
- A **collaborative interface** between educators, organisations, businesses and government entities to foster environmental stewardship across NSW.

### OUR VALUES

From our staff and partnerships,  
to our members and services,  
our goal is to demonstrate our  
values in every interaction:

- Integrity and sustainable practice
- Leadership and creativity
- Collaboration and global citizenship

**Enabling schools in NSW to connect, collaborate and inspire a sustainable future**

A not-for-profit initiative of the Australian Association for Environmental Education NSW Chapter
